Cliff

Just checking emails and reviewing records for HVPOA , have you had a chance to review the bank info that Diana forwarded?

I have some checks that need to be deposited as I stated I prefer credit unions. I would rather be a stockholder than a spectator.

Please let me know.

Tom

I vote for a credit union as well. We can proceed under Action Without a Meeting (AWM). I think we need to take the articles of Incorporation and minutes from a meeting where we all are officers. Or the registered agent for the state and we can move forward and start the new account.

Clifford Johnson

HVPOA Vice President

Great--I'll call Karin--our contact, and see when she can arrange for us to have us meet with bank official. I'll call Diana tomorrow after I make some contacts and she can email information--also have hard copy bids coming on sanitation.

Any road you feel needs attention? I would like to address roads for attention when snow melts so we can get bids before it snows and work on them before the ground gets dry.

Call me if you wake up, when you wake up..

Tom
