

## Peterson Work Proposal

- Here is what we would like to do to work off some of our dues. We realize we were already given permission to clean up the common area, but due to illness and surgery Erik was not able to get the job done. He is now able and willing to work off some of our dues. We would like to mow and remove the trash around the common area starting this Monday May, 16th. We would like to have the following projects completed by June 4th (as long as we have the materials provided or the money to purchase them)

\*Cleanup, remove and dispose of all garbage from common area and side of road around it \$50

\*Mow common Area \$50

\*Put up new plywood panels, prepare and paint Message Board, remove weeds and clean up any trash around signs \$200

Total charge for labor to be applied to our past due assessments = \$300

EST. Supplies

Paint, 5 gal. Sage Green, High quality exterior: \$168

Material for our sander: \$20

Gas for our mower: \$20

Rent/supplies for paint sprayer: \$35

Plywood/Screws: \$40

NOTE: We are also willing to paint the shed in the common area the same color, and sand and paint anything else such as picnic tables, signs etc. Please let us know what else you would like us to work on. We appreciate the opportunity.

Thank you,

Erik and Becky Peterson
